TOY WONDERS' TOY DIRECTORY

Action Toys Subcategory:

The action toys category encompasses many different types of toys. These toys are not only powered by a child's imagination, but a great majority of these action toys are also powered by batteries. For your convenience, the number of batteries and type are stated in the description, and whether or not batteries are included. Click on one of the subcategories below to see more.

Blister Carded Toys & Hang-up Toys Subcategory:

Toy Wonders is a toy importer and a toy wholesale distributor of blister carded toys too. A great majority of impulse buy toys are packaged either on a blister card or in a poly bag with a header. Most of these types of toys find their way onto peg hooks, spinner racks, or in store bins. We have broken this category down into many subcategories. Click on the appropriate subcategory to see more.

Dolls & Play sets Subcategories:

Toy Wonders is a toy importer and toy wholesaler of children's toys. Dolls have been a mainstay in the toy industry. If we look back in history, dolls go way, way back --even before recorded history. Because of the longevity and nurturing appeal, every toy distributor and retailer will have some representation here. However, since this category is very focused on only one gender, it is vital that you focus your attention here and understand your customer base well; after all, you are only targeting half the children's population with this category. Knowing the answers to these questions will make it easier to select the items for his category:

1. In terms of race, what type of people do you service?
2. What type of space can you allot towards this category (e.g. wall, shelf, or counter)?
3. What price points do you need to be at?

Educational Toys & Musical Toys Subcategories:

Parents of all types have always placed extra value on toys that teach. Almost all the educational toys that we market are geared towards adults and children over the age of three. Many ambitious parents push the learning envelope with their children. For those toys geared toward infants and toddlers, we've put the toy's specific age recommendations in their descriptions. For marketability and safety reasons, these age recommendations should be strictly followed.

Toy Wonders is not just in the toy wholesale business but offers at wholesale a variety of Sports balls and sport play sets. Not only does ball playing build hand eye coordination, dexterity, and team spirit (at times), these balls promotes good old fashion exercise. Click on a subcategory to see more.

Motormax - BMW Z8 Roadster Convertible (1:18, Red) 73106

Our Products: [View All Vehicles](#)

Item#: 73106R

73106R MOTORMAX BMW Z8 Roadster Convertible. 1:18 scale diecast model car. 9.5"L x 4.25"W x 2.5"H diecast metal car with free wheeling, steerable front wheels, detailed engine and interior, and opening doors/hood/trunk. Sits on a display plaque. Box measures 14"L x 6.25"W x 5"H. Manufactured by Motor Max. 73106 in RED color. Individually packed in a window box.

From the design cues fo the famous classic roadster 507 to sneak preview of the concept car Z07 in 1997, BMW has created the year 2000 Z8 roadster. From the long sloping hood to the shark gill cut out vents, the Z8 has captured the spirit of the 507 in a modern and the most elegant and luxurious form. Add machine guns and missiles, it became James Bond's mode of transportation in the new Bond Movie "The world is not enough". Driven by the same V8 engine as the BMW Motorsport M5, combining with lighter construction materials; the Z8 promises acceleration and handling on par with any other exotic sports cars that can cost 2-3 times as much. And with BMW technology, you even get fiber optics for the turn signal lights in the front fenders, replacing the conventional copper wiring and light bulbs. Only 500 production Z8's are scheduled for North American bound in 2000, chanes are: one half of the 340 dealers can sell a brand new first year Z8, besides the demo or display unit they have on the show floor.

Signature Models - BMW LS Luxus Hard Top (1962, 1:18, Green) 18125

Our Products: [Vehicle Types](#) > [Oldies Cars \(before 1970s\)](#)

Item#: 18125GN

18125GN SIGNATURE MODELS 1962 BMW LS Luxus Hard Top. 1:18 scale diecast collectible model car. This 1962 BMW LS Luxus is an 8.5" long diecast car with opening doors/hood/trunk, free wheels, workable steering, and detailed engine and components. This 62 BMW LS Luxus is manufactured by Signature Models. 18125 in GREEN color. Individually packed in a window box.

The 700 model was the car heralded as turning around BMW in the late 1950s. When BMW showed off the 700 coupe and sedan model at the Frankfurt Motor Show in the autumn of 1959, it received enough orders for two years of production. The 700 was masterminded by Willy Black, the man who had designed the 600 that it replaced, Black again drew on the company's motorcycle technology, but this time, he enlarged the twin-cylinder engine of the R67 motorcycle to get the power he needed for this larger car. Giovanni Michelotti of Italy styled the car, carrying over themes from his Triumph Herald, a contemporary of the 700. His first sketch was for a slant-roof coupe, which appealed to BMW although the company wanted more passenger room. Michelotti returned with a sketch of a saloon variant, and BMW decided to build both. The 700 Coupe entered production in August 1959 and the 700 Saloon joined it at the end of the year.
