TOY WONDERS' TOY DIRECTORY

Action Toys Subcategory:

The action toys category encompasses many different types of toys. These toys are not only powered by a child's imagination, but a great majority of these action toys are also powered by batteries. For your convenience, the number of batteries and type are stated in the description, and whether or not batteries are included. Click on one of the subcategories below to see more.

Blister Carded Toys & Hang-up Toys Subcategory:

Toy Wonders is a toy importer and a toy wholesale distributor of blister carded toys too. A great majority of impulse buy toys are packaged either on a blister card or in a poly bag with a header. Most of these types of toys find their way onto peg hooks, spinner racks, or in store bins. We have broken this category down into many subcategories. Click on the appropriate subcategory to see more.

Dolls & Play sets Subcategories:

Toy Wonders is a toy importer and toy wholesaler of children's toys. Dolls have been a mainstay in the toy industry. If we look back in history, dolls go way, way back --even before recorded history. Because of the longevity and nurturing appeal, every toy distributor and retailer will have some representation here. However, since this category is very focused on only one gender, it is vital that you focus your attention here and understand your customer base well; after all, you are only targeting half the children's population with this category. Knowing the answers to these questions will make it easier to select the items for his category:

1. In terms of race, what type of people do you service?
2. What type of space can you allot towards this category (e.g. wall, shelf, or counter)?
3. What price points do you need to be at?

Educational Toys & Musical Toys Subcategories:

Parents of all types have always placed extra value on toys that teach. Almost all the educational toys that we market are geared towards adults and children over the age of three. Many ambitious parents push the learning envelope with their children. For those toys geared toward infants and toddlers, we've put the toy's specific age recommendations in their descriptions. For marketability and safety reasons, these age recommendations should be strictly followed.

Sports Subcategories:

Toy Wonders is not just in the toy wholesale business but offers at wholesale a variety of Sports balls and sport play sets. Not only does ball playing build hand eye coordination, dexterity, and team spirit (at times), these balls promotes good old fashion exercise. Click on a subcategory to see more.

Signature Models - Pierce-Arrow Silver Arrow Hard Top (1933, 1:18, Silver) 18136

Our Products: [Vehicle Scales](#) > [1:18 Scale](#)

Item#: 18136SV

18136SV SIGNATURE MODELS - 1933 Pierce-Arrow Silver Arrow Hard Top. 1:18 scale diecast collectible model car. This Pierc Arrow is a 12.5"Lx 3.5"Wx 3.5"H die cast metal car with steerable front wheels, highly detailed engine & interior, and openable doors, hood & trunk. Classic cars sits on a plaque. The Piece-Arrow is manufactured by Signature Models. 18136 in SILVER color. Individually packed in a window box. Box size: 15.75"Lx 7.75"Wx 6.25"H.

The Pierce Silver Arrow was an immediate hit when it was introduced at the 1933 New York Automobile Show and later at the 1933 Chicago World's Fair. The streamlined design was created by Phillip Wright. Five V-12 limousine chassis were shipped from Buffalo, New York to Pierce-Arrow's parent company, Studebaker Corporation, in South Bend, Indiana. No wooden structural parts were used in the construction of the car; the broad roof panel was hammered from a single sheet of steel, and all of the body panels were welded together. To minimize wind resistance the headlight moldings sweep back over the doors and the v-shaped inclined grille theme is repeated in the windshield and repeated in reverse in the tiny rear window. Fully skirted rear fenders reduce drag, spare tires are concealed in hinged panels behind the front wheels, and the door handles are recessed. Pierce-Arrow was out of business by May, 1938 but many of the innovations on the Silver Arrow were standard styling features by 1940. Only three Silver Arrows exist!
