## TOY WONDERS' TOY DIRECTORY

### Action Toys Subcategory:

The action toys category encompasses many different types of toys. These toys are not only powered by a child's imagination, but a great majority of these action toys are also powered by batteries. For your convenience, the number of batteries and type are stated in the description, and whether or not batteries are included. Click on one of the subcategories below to see more.

### Blister Carded Toys & Hang-up Toys Subcategory:

Toy Wonders is a toy importer and a toy wholesale distributor of blister carded toys too. A great majority of impulse buy toys are packaged either on a blister card or in a poly bag with a header. Most of these types of toys find their way onto peg hooks, spinner racks, or in store bins. We have broken this category down into many subcategories. Click on the appropriate subcategory to see more.

## Dolls & Play sets Subcategories:

Toy Wonders is a toy importer and toy wholesaler of children's toys. Dolls have been a mainstay in the toy industry. If we look back in history, dolls go way, way back --even before recorded history. Because of the longevity and nurturing appeal, every toy distributor and retailer will have some representation here. However, since this category is very focused on only one gender, it is vital that you focus your attention here and understand your customer base well; after all, you are only targeting half the children's population with this category. Knowing the answers to these questions will make it easier to select the items for his category:

1. In terms of race, what type of people do you service?
2. What type of space can you allot towards this category (e.g. wall, shelf, or counter)?
3. What price points do you need to be at?

## Educational Toys & Musical Toys Subcategories:

Parents of all types have always placed extra value on toys that teach. Almost all the educational toys that we market are geared towards adults and children over the age of three. Many ambitious parents push the learning envelope with their children. For those toys geared toward infants and toddlers, we've put the toy's specific age recommendations in their descriptions. For marketability and safety reasons, these age recommendations should be strictly followed.

## Sports Subcategories:

Toy Wonders is not just in the toy wholesale business but offers at wholesale a variety of Sports balls and sport play sets. Not only does ball playing build hand eye coordination, dexterity, and team spirit (at times), these balls promotes good old fashion exercise. Click on a subcategory to see more.

## Signature Models - Studebaker Avanti Hard Top (1963, 1:18, Turquoise) 18101

[Our Products: Diecast Manufacturers](#) > [Signature Models](#)

Item#: 18101T

18101T SIGNATURE MODELS - 1963 Studebaker Avanti Hard Top. 1:18 scale diecast collectible model car. This 1963 Studebaker Avanti is a 10.75"L x 3.5"W x 3"H diecast metal with workable steering, highly detailed engine/interior, and opening doors/hood/trunk. Classic car sits on plaque. This 63 Studebaker is manufactured by Signature.

The unconventional fiberglass body of the Avanti coupe, which was designed by French born Raymond Loewy, still looks modern and contemporary today. The interior theme was aviation with some controls even on the ceiling. The car was built on the shortened version of Studebaker's Lark convertible chassis and was powered by Studebaker's 4.7-liter 289cid V8. However, because of production problems related to its fiberglass body, only 3,834 Avantis were built in 1963 and 809 in 1964. The problems meant the car was unable to be the promised savior of the troubled Studebaker, which ceased operations in 1966. However, two Studebaker dealers in South Bend, Indiana, bought the rights to the Avanti in 1965 and continued to produce their Avanti II until 1987.

Case pack: 6 pcs.

Price quoted is for 1 pcs.
