## TOY WONDERS' TOY DIRECTORY

### Action Toys Subcategory:

The action toys category encompasses many different types of toys. These toys are not only powered by a child's imagination, but a great majority of these action toys are also powered by batteries. For your convenience, the number of batteries and type are stated in the description, and whether or not batteries are included. Click on one of the subcategories below to see more.

### Blister Carded Toys & Hang-up Toys Subcategory:

Toy Wonders is a toy importer and a toy wholesale distributor of blister carded toys too. A great majority of impulse buy toys are packaged either on a blister card or in a poly bag with a header. Most of these types of toys find their way onto peg hooks, spinner racks, or in store bins. We have broken this category down into many subcategories. Click on the appropriate subcategory to see more.

## Dolls & Play sets Subcategories:

Toy Wonders is a toy importer and toy wholesaler of children's toys. Dolls have been a mainstay in the toy industry. If we look back in history, dolls go way, way back --even before recorded history. Because of the longevity and nurturing appeal, every toy distributor and retailer will have some representation here. However, since this category is very focused on only one gender, it is vital that you focus your attention here and understand your customer base well; after all, you are only targeting half the children's population with this category. Knowing the answers to these questions will make it easier to select the items for his category:

1. In terms of race, what type of people do you service?
2. What type of space can you allot towards this category (e.g. wall, shelf, or counter)?
3. What price points do you need to be at?

## Educational Toys & Musical Toys Subcategories:

Parents of all types have always placed extra value on toys that teach. Almost all the educational toys that we market are geared towards adults and children over the age of three. Many ambitious parents push the learning envelope with their children. For those toys geared toward infants and toddlers, we've put the toy's specific age recommendations in their descriptions. For marketability and safety reasons, these age recommendations should be strictly followed.

## Sports Subcategories:

Toy Wonders is not just in the toy wholesale business but offers at wholesale a variety of Sports balls and sport play sets. Not only does ball playing build hand eye coordination, dexterity, and team spirit (at times), these balls promotes good old fashion exercise. Click on a subcategory to see more.

In 1961 Pontiac built several cars known as SUPER DUTY cars without radios, heaters, sound deadener, undercoating, radio or power accessories. These body in white cars were shipped to various dealers with 4 speed transmissions and 348 horsepower engines. However in the trunks were various add-on "super-parts" including high list camshafts, special head, an aluminum three carburetor intake manifold, and NASCAR crankshaft & rods. This car was campaigned in 1961 and all of 1962 culminating with it being runner up in Super Stock Class at the Indianapolis Summer Nationals in 1962.

"Packer Pontiac" had a 389 engine, three two barrel carburetors and four-speed transmission. The car was tested with several rear end and transmission combinations. The best result was with a 4.30 posi-traction rear end and 3 speed heavy duty transmission. "Packer Pontiac" competed in NHRA's toughest division, racing against factory supported teams from Detroit including the Ramchargers, Golden Commandos and various Ford and

Chevrolet teams.

The '61 "Packer Pontiac" had run consistent 110 MPH's at a beast of 12.93 seconds on the quarter mile at various tracks in the mid-west. A recreation of this famous Pontiac is being done by owner John O' Hare, Valencia, CA. with the technical advice of Stan Antlocer, one of the original overs of the car. "Packer Pontiac" will be campaigned across the country at drag strips and car shows.
